~~*~*~*~*~*~*~*~*

Cathy, Ken, and Christine,

I would like to schedule a time tomorrow, if possible, for us to talk about Possum Point and Bremono especially around the environmental issues surrounding the dredging at Possum and tree clearing at Bremono. As we are all aware, as the CCR regulation gets closer to promulgation in the Federal Register our clock is about to begin. I am moving ahead with getting a dredger in place and other contractors but before I pull the trigger I want to be certain that any remaining environmental concerns have been resolved. I know Ken is meeting with DEQ tomorrow concerning Bremono. It looks that noon may be the best? If a better time can work please advise. I wanted to talk about the following issues:

General Project Update
Pump Test and Well Point Dewatering Test
Discussion with DEQ concerning dredging PP Pond E
Eagle Consultation for Dredging Pond E
Building of temporary road (Meeting tomorrow)
Meeting with Fluvanna County for tree removal

Thanks,

Mike Glagola
